\* Includes all Medicare beneficiaries who were eligible for or enrolled in Medicare on or after January 1, YYYY.

\*\* Full or nearly FFS indicates the beneficiary had 11 or 12 months of both Part A and Part B FFS coverage, or for persons who died during the year, from January 1 until date of death. Non-FFS indicates the beneficiary had less than 11 months of Part A and Part B FFS coverage and includes people with one month or more of health maintenance organization (HMO) coverage. Some FFS beneficiaries are participants in case or disease management demonstration projects (effective 2005 forward). The Chronic Conditions Warehouse (CCW) team does not consider these beneficiaries to have HMO coverage during these months.

† Where category totals do not sum to the total sample, there may be a small number of unknowns.

‡ The CCW team uses the Research Triangle Institute (RTI) race categories to calculate the race variable.

▲ The CCW team calculates age based on the age of the Medicare beneficiary as of December 31, YYYY. If the beneficiary expired, the CCW team calculates the age based on the age at the time of death.
