\* The claim counts represent the total of all FFS claims (including claims unrelated to the chronic condition criteria) by care setting for all beneficiaries who were eligible for or enrolled in Medicare on or after January 1, YYYY and identified with that chronic condition.

\*\* The Chronic Conditions Warehouse (CCW) team has excluded denied claims for non-institutional claim types.

† The CCW team may have counted beneficiaries in more than one chronic condition category and/or claim type.

**NOTE:** These counts consider FFS administrative claims only. The beneficiaries included in these counts may have any combination of Medicare coverage, including full or partial FFS and/or health maintenance organization (HMO) coverage. The application of coverage restrictions/criteria will impact the size of these samples.

\* The claim counts represent the total of all FFS claims (including claims unrelated to the chronic condition criteria) by care setting for all beneficiaries who were eligible for or enrolled in Medicare on or after January 1, YYYY and identified with that chronic condition.

\*\* The Chronic Conditions Warehouse (CCW) team has excluded denied claims for non-institutional claim types.

† The CCW team may have counted beneficiaries in more than one chronic condition category and/or claim type.

**NOTE:** These counts consider FFS administrative claims only. The beneficiaries included in these counts may have any combination of Medicare coverage, including full or partial FFS and/or health maintenance organization (HMO) coverage. The application of coverage restrictions/criteria will impact the size of these samples.

\* The claim counts represent the total of all FFS claims (including claims unrelated to the chronic condition criteria) by care setting for all beneficiaries who were eligible for or enrolled in Medicare on or after January 1, YYYY and identified with that chronic condition.

\*\* The Chronic Conditions Warehouse (CCW) team has excluded denied claims for non-institutional claim types.

† The CCW team may have counted beneficiaries in more than one chronic condition category and/or claim type.

**NOTE:** These counts consider FFS administrative claims only. The beneficiaries included in these counts may have any combination of Medicare coverage, including full or partial FFS and/or health maintenance organization (HMO) coverage. The application of coverage restrictions/criteria will impact the size of these samples.
