Valid ICD-9/MS DRG/HCPCS Codes\(^3\):

\(^1\) CCW data begins in 1999. When working with condition files prior to 2003, conditions with a reference period of 2–5 years will not have a sufficient length of data to fully meet the condition criteria in some years.

\(^2\) When two claims are required, they must occur at least one day apart.

\(^3\) ICD-10 codes are effective 10/2015; effective dates for ICD-9 codes vary, but are valid through 09/2015. Researchers may be interested in confirming the code(s) of interest in the accompanying claims data files.
